VI. COBRA, USERRA, AND COVERAGE DURING DISABILITY:

- A. **The Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”):** If the Insured’s Employer employs more than 20 Employees on an average business day during the previous Calendar Year, federal law provides that the Employee and/or his Dependents may be entitled to continue insurance Benefits after termination of group health benefits upon a qualifying event for specific periods of up to thirty-six (36) months. Some states also require employers with fewer than 20 employees to offer to the insured individuals continuation of their group health coverage. Your Employer can provide you with complete details of the available coverage. WMI Mutual Insurance Company does not assume responsibility for the Employer’s duties under COBRA.

COBRA continuation coverage is available upon the occurrence of any of the following qualifying events:

1. Termination of benefits.
2. Reduction of hours
3. Death of employee.
4. Employee become entitled to Medicare benefits.
5. Divorce or legal separation.
6. Dependent child ceases to be a dependent under the plan.

In the case of divorce, legal separation, or a Dependent ceasing to be a Dependent, it is the responsibility of the employee to notify the Employer in writing within 60 days of the qualifying event, and to send a copy of the notice to the Company. Election of the continuation coverage must be in writing within 60 days after the Employer sends notice of the right to elect continuation coverage. If election is not made within this 60-day period, the Employee and/or any qualified Dependents will lose the right to COBRA continuation coverage.

When COBRA coverage is available, any person who was on the insurance before termination has the right to select COBRA coverage independently. A newborn Child or a Child placed for adoption during a period of COBRA continuation coverage is also eligible

for coverage for the remaining period of the continuation coverage, provided that they are enrolled according to the terms of the Policy. The continuation of coverage provided by the vision and dental plans is optional when the major medical coverage is chosen.

Coverage may be continued for up to 36 months for the spouse and or Dependent Child(ren) if group health coverage is lost due to the Employee's death, divorce, legal separation, the Employee's becoming entitled to Medicare, or because of loss of status as a Dependent Child under the Plan.

Coverage may be continued for up to 18 months if group health coverage terminates due to the employee's termination of employment or reduction in hours. However, there are three exceptions:

1. If an Employee or Dependent is disabled (as determined by the Social Security Administration) at any time during the first 60 days after the date of termination of employment or reduction in hours, then the continuation period for all qualified beneficiaries is 29 months from the date of termination of employment or reduction in hours. For the 29-month continuation period to apply, written notice of the determination of disability must be provided to the Employer within both the 18-month coverage period and within 60 days after the date of the determination.
2. If a second qualifying event occurs during the 18-month or 29-month continuation coverage period which would give rise to a 36-month period for the spouse and/or Dependent Child(ren) (for example, the Employee dies or becomes divorced) then the maximum coverage period for a spouse and/or Dependent Child(ren) becomes 36 months from the date of the initial termination of employment or reduction in hours. For the 36-month continuation period to apply, written notice of the second qualifying event must be provided to the Employer within 60 days after the date of the event.
3. If the qualifying event occurs within 18 months after the Employee becomes entitled to Medicare, then the maximum coverage period for the spouse and/or Dependent Child(ren) is 36 months from the date that the Employee became entitled to Medicare.

Premium payments for COBRA continuation coverage for the Employee and for any qualified Dependents for the "initial premium months" are due by the 45th day after electing the continuation coverage. The "initial premium months" are the months that end on or before the 45th day after the election of continuation coverage. All subsequent premiums are due on the first day of the month, subject to a 31-day grace period.

Continuation coverage will automatically terminate when any of the following events occurs:

1. The employer no longer provides group health coverage for any employees.
2. The premium for COBRA coverage is not paid during the required time period.
3. The insured becomes entitled to Medicare.
4. The insured becomes covered under another group health plan with no preexisting condition limitation.
5. The maximum continuation coverage period expires.

B. The Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"): If an Insured Employee is absent from employment due to service in the uniformed services, federal law provides that the Employee and his dependents are entitled

to continue health insurance coverage for a period of up to twenty-four (24) months. Election of the continuation coverage must be made in writing within sixty (60) days of the date of commencement of any leave for military service.

Continuation coverage will automatically terminate if the Employee fails to pay the required premium, or if the Employee loses his rights under USERRA as a result of undesirable conduct, including court-martial and dishonorable discharge.

When an Insured Employee loses coverage under the group health Plan because the Employee leaves work to perform military service, and the group health Plan is subject to COBRA, the Employee and the Employee's Dependents will be entitled to protections of both COBRA and USERRA. When the requirements of COBRA and USERRA differ, the Employee and the Employee's Dependents are entitled to protection under the law that gives the greater benefit.

The term "uniformed services" means the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

C. Coverage During Periods of Disability:

The Company must be notified in writing within thirty (30) days of the date of the Disability for this provision to apply.

Disability related expenses: In the event the group Policy terminates for any reason while Benefits are being paid and it is established that the Insured was totally Disabled when such insurance terminated, Benefits for expenses incurred in connection with the Injury or Illness that caused the Disability will be continued. Benefits will continue during such Total Disability until the earliest of the events listed below.

1. Twelve (12) months from the date on which insurance terminated.
2. The Employee or Dependent(s) ceases to be Totally Disabled.
3. The Disabled person becomes insured or covered under any other group medical benefit or service plan or self-funded plan.

- (b) Coverage under a governmental plan required or provided by law, except a state plan under Medicaid or under any plan when, by law, its benefits are excess to those of any private insurance program or other non-governmental program.
2. In the event benefits apply under two or more health care plans, the order of benefit determination rules should be consulted and the following provisions shall apply:
- (a) The Benefits under this Plan shall not be reduced when, under the order of benefit determination rules, this Plan determines Benefits before another health care plan, but may be reduced when, under those rules, another health care plan determines its benefits first, whether or not a claim is made under the other health care plan.
 - (b) If the other health care plan does not contain a coordination of benefits provision, the benefits of that coverage will be determined before any Benefits under this Plan are determined.
 - (c) If the other health care plan contains a coordination of benefits provision, the rules establishing the order of benefit determination are as follows:
 - 1. The benefits of the health care plan which covers the person (to whom the claims relate) as other than a Dependents shall be determined before the benefits of a health care coverage which covers such a person as a Dependent.
 - 2. When a Child(ren) is a patient and where the parents are not separated or divorced, the benefits of the health care plan of the parent whose birthday, that is, month and day of the month, falls earlier in a year are determined before those of the health care plan of the parent whose birthday falls later in the year.

NOTE: If the other health care plan does not have a coordination of benefits rule based on the parents' birthdays, but instead has a rule based upon the gender of the parent, and if, as a result, it and this Plan do not agree on the order of benefits, the rule in the other health care plan will determine the order of benefits.

- 3. When a Child(ren) is a patient and where the parents are separated or divorced, the following rules apply:
 - a. Benefits are determined first by the health care plan of the parent with custody of the Child(ren);
 - b. Then by the health care plan of the Spouse (if any) of the parent with custody of the Child(ren); and
 - c. Finally, by the health care plan of the parent not having custody of the Child(ren).

NOTE: If the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the Child(ren), and the entity

obligated to pay or provide the benefits of the health care plan of that parent has actual knowledge of those terms, the benefits of that health care plan are determined first. This does not apply with respect to any claim determination period or year during which benefits are actually paid or provided before the entity has that actual knowledge. If the specific terms of the court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the Child, the order of benefit determination rules outlined in Section VII, A(2)(c)(2) shall apply.

4. If one of the plans is issued out of this state and determines the order of benefits based upon the gender of a parent and, as result, the plans do not agree on the order of benefits, the plan with the gender rule shall determine the order of benefits.
 5. The benefits of a plan that covers a person as an Employee (or as that Employee's Dependent) are determined before those of a plan that covers that person as a laid off or retired employee (or as that person's Dependent). If the other health care plan does not have this rule, and if, as a result, there is not an agreement between this Plan and the other health care plan on the order of benefits, this rule is ignored.
 6. If the individual is insured under two health plans where none of the above applies, the benefits of the plan which has covered the individual for the longer period of time shall be determined first.
- (d) Overpayment: In the event the Company provides Benefit payments to the Insured or on his/her behalf in excess of the amount which would have been payable by reason of coverage under another health care coverage, the Company shall be entitled to recover the amount of such excess from one or more of the persons it has paid or for whom it has paid, insurance companies, or other organizations.

NOTE: A health care plan, as listed above, which provides benefits in the form of services may recover the reasonable cash value of providing those services, if applicable under the above rules, to the extent that Benefits are for Covered Services and have not already been paid or provided by this Plan.

B. PERSONS COVERED BY MEDICARE:

1. This Plan will pay its Benefits before Medicare in the following situations.
 - (a) An active Employee who is age sixty-five (65) or older and who is insured through a group of twenty (20) or more Employees, as that term is defined in the Medicare secondary payer rules.
 - (b) A Dependent Spouse who is age sixty-five (65) or older, of an active Employee who is insured through a group of twenty (20) or more Employees, as that term is defined in the Medicare secondary payer rules.

- (c) The time period required by federal law during which Medicare is the secondary payer to a group health plan and the Insured is receiving treatment for end-stage renal disease (ESRD).
2. If the Dependent Spouse is also actively employed and enrolled under a group health Plan provided by the Spouse's Employer, this Plan shall then be secondary to that coverage and Medicare becomes the third payer.
3. This Plan will pay Benefits only after Medicare has paid its benefits in the following situations.
 - (a) For all other Insured persons.
 - (b) After the time period required by federal law during which Medicare was the secondary payer to a group health plan and the Insured received treatment for end-stage renal disease (ESRD).

VIII. GENERAL POLICY INFORMATION:

- A. COMPUTATION OF EMPLOYER PREMIUMS:** The initial premium that is due and each subsequent premium that is due shall be the sum of both of the following calculations.
1. The number of Insured Employees that are in each classification multiplied by the applicable rate for each person.
 2. The number of Insured Dependents, if any, that are in each classification multiplied by the applicable rate for each person based on the classifications as determined by the premium rates in effect on such premium due date. The applicable rates are available from the Company upon request.

The Company reserves the right to change the rate for any insurance provided under this Plan on either of the following dates.

1. On any premium due date as long as the rate for such insurance has been in effect for at least three (3) months. The Company will give written notice to the group Policyholder at least sixty (60) days prior to such premium due date.
2. On any date that the provisions of this Plan are changed as to the Benefits provided or classes of persons Insured.

Premiums may also be computed by any method that is mutually acceptable to the Company and the Policyholder. Any alternative method must produce approximately the same total amount as the above methods.

- B. PAYMENT OF PREMIUMS:** All premiums that are due under this Plan, and any adjustments, are payable by the Policyholder on or before their respective due dates. The payment of any premium shall not maintain the insurance under this Plan in force beyond the day immediately preceding the next due date except as otherwise provided herein.

- C. **GRACE PERIOD:** A grace period of thirty-one (31) days will be allowed for payment of any premium due unless the Policyholder gives written notice of discontinuance prior to the premium due date.
- D. **TERMINATION OF POLICY:** This Plan is guaranteed renewable if the participation requirements of the Plan are maintained. If the Policyholder fails to pay any premium within the grace period, this Plan shall automatically terminate on the last day of such grace period. The Policyholder shall be liable to the Company for the payment of all premiums then due and unpaid, including a *pro rata* premium for the grace period. If the Policyholder gives written notice to the Company that this Plan is to be terminated before the end of the grace period, this Plan shall be terminated on the later of the date of receipt of such notice, or the date specified by the Policyholder. The Policyholder shall be liable to the Company for the payment of all premiums that are then due and unpaid. That amount shall include a *pro rata* premium for the period that commences with the last premium due date and ending with such date of termination.

This Plan may also terminate immediately if the Employer has performed an act or practice that constitutes fraud, or has made an intentional misrepresentation of material fact under the terms of the coverage.

- E. **RECORD OF EMPLOYEES INSURED:** The Company shall maintain a record which shall show at all times the names of all Insured Employees, the beneficiary designated by each Employee, if any. This record shall also show the date when each Employee became Insured and the Effective Date of any change in coverage. This record shall also show any other information that may be required to administer the insurance. The Company shall furnish a copy of this record to the Policyholder, upon request. The Policyholder shall give the Company any information that is required to administer the insurance. This information shall include, but is not limited to, information for enrolling Employees, changes in coverage, and termination of insurance. Any records of the Employer and/or Policyholder that may have a bearing on this insurance shall be open for inspection by the Company at a reasonable time.
- F. **EMPLOYEE'S CERTIFICATE:** The Employer is the Plan Administrator as that term is defined in the Employee Retirement Income Securities Act ("ERISA"), 29 U.S.C. §§ 1001, *et. seq.* The Company will issue Certificates to the Policyholder to deliver to each individual Insured Employee. The Company may also deliver the Certificate directly to the Insured Employee. The Certificates shall describe the Policy Benefits and to whom Benefits will be paid. The Certificates shall also describe any Policy limitations or requirements that affect the Insured Employee. The word "Certificate" as used in this Plan shall include all applicable Schedules of Benefits, and any riders and supplements. Such Certificates are a summary of the Plan only and shall not constitute a part of, or amendment to, this Plan. If the provisions of this Plan and the Certificates of insurance conflict, the terms of this Plan shall govern.
- G. **FREE CHOICE OF PROVIDER:** The Employee shall have free choice of any legally qualified Physician or Provider. This Plan will have no affect on the relationship of the patient and Provider.

H. CLAIM AND APPEAL PROCEDURES:

Following is a description of how the Plan processes claims and appeals. At the time of enrollment, each Insured Employee will also be provided with a “Health Care Insurer Appeals Process Information Packet” that describes the procedures to follow to appeal an adverse benefit determination.

A claim is defined as any request for a Plan Benefit, made by an Insured or a representative of an Insured, that complies with the Plan’s procedures for making a claim. There are two types of claims: pre-service and post-service. The different types of claims are described below. Each type of claim has a specific time period for approval, request for further information or denial, as well as specific time periods for appeal reviews. Time periods begin at the time that a claim is filed, and “days” refers to calendar days.

Pre-Service Claim

A pre-service claim is any claim for a benefit under the plan where the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care (*i.e.*, claims subject to Pre-certification).

In the event of a pre-service claim, the Insured will receive a notification of the benefit determination within fifteen (15) days after the receipt of the request. If additional information is needed, the Insured will be notified within that time and will be given at least forty-five (45) days to respond. A notification of the benefit determination will be sent within fifteen (15) days after the receipt of the additional information. If there is an ongoing course of treatment (*i.e.*, concurrent care), a notification of determination as to extending the course of the treatment will be sent within fifteen (15) days after receipt of the request. If there will be a reduction or termination of the previously approved concurrent care benefit before the end of the treatment period, a notification will be sent at least fifteen (15) days prior to the end of the treatment.

Although recommended, Pre-certification for pre-service claims involving Urgent Care is **not** required. However, once the care is no longer Urgent Care, Pre-certification requirements will apply and the pre-service claim will be subject to the time periods as described above.

Post-Service Claim

A post-service claim is any claim that involves the cost for medical care that has already been provided to the insured. Post-service claims will never be considered to be claims involving Urgent care.

In the event of a post-service claim, the Insured will receive a notification of the benefit determination within thirty (30) days after the receipt of the request. If additional information is needed, the Insured will be notified within that time and will be given at least forty-five (45) days to respond. A notification of the benefit determination will be sent within fifteen (15) days after the receipt of the additional information.

Notice to Insured of Adverse Benefit Determination

Adverse benefit determination means a denial, reduction, termination of, or a failure to provide or make payment, in whole or in part, for a benefit, including any such denial, reduction, termination or failure to provide or make payment that is based on a determination of a participant's eligibility to participate in the plan. The plan will provide written or electronic notification that sets forth the reason for the adverse benefit determination.

Appeals

The Company provides three levels of appeal review, which may be performed either internally or independently, as described herein. The first two levels are required levels that must be exhausted before an Insured can file suit in court. The third level is a voluntary level. In the event of an adverse benefit determination, the Insured has two (2) years from the receipt of the adverse benefit determination notification in which to file an appeal. An Insured may submit comments, documents, records and other information relating to the claim, and will, upon request, be provided free of charge, access to, and copies of, all documents, records, and other information relevant to the claim that were used in the initial benefit determination. If an Insured receives an adverse decision on the first level of appeal, he may submit the appeal for a second level of review within sixty (60) days of receipt of the first level decision, along with any additional applicable information. In the case of a pre-service claim, each level of appeal will be responded to within fifteen (15) days after the receipt of the appeal. In the case of a post-service claim, each level of appeal will be responded to within thirty (30) days after the receipt of the appeal.

For pre-service claims, first level appeals may be submitted orally or in writing to the utilization review company that performed the Pre-certification and a copy must be submitted to the Company; all other levels of appeal must be submitted in writing to the utilization review company that performed the Pre-certification and a copy must be submitted to the Company. For post-service claims, first level appeals may be submitted orally or in writing to the Company; all other levels of appeal must be submitted in writing to the Company. The benefit determination on review will be communicated in writing and will set forth the reasons for the decision and the provisions of this Plan upon which the decision was based.

Reviews of all appeals of adverse benefit determinations, except those described in the following paragraph, will be conducted internally by a person or a committee of persons who is neither the individual who made the initial adverse benefit determination nor the subordinate of that individual. The time period within which a determination on appeal is required to be made will begin at the time that an appeal is filed.

If the appeal of an adverse benefit determination is based on a medical judgment, including determinations with regard to whether a particular treatment, drug or other item is experimental, investigational or not medically necessary or appropriate, an independent review will be conducted. For this review, the plan will consult with an independent health care professional, who is not affiliated with the Company, who was not involved in the initial benefit determination, and who has appropriate training and expertise in the field of medicine involved in the medical judgment. There will be no fee charged to the Insured for an independent review.

If an Insured receives an adverse decision upon the exhaustion of both of the required levels of internal or independent review, he has the right to file suit in court pursuant to §502 of the Employee Retirement and Income Security Act (“ERISA”).

Independent External Review

If the Company issues a final adverse benefit determination of an Insured’s request to provide or pay for a health care service or supply, he may appeal to the third **voluntary** level and will have the right to have the decision reviewed by health care professionals who have no association with the Company. An Insured has this right only if the denial decision involved:

- The medical necessity, appropriateness, health care setting, or level of care or effectiveness of a health care service or supply, or
- The determination the health care service or supply was experimental or investigational.
- An issue of contract coverage, other than issues regarding deductibles, co-insurance levels, or usual and customary amounts.

An Insured must first exhaust the Company’s internal grievance and appeal process. Exhaustion of that process includes completing all levels of appeal, or unless the Insured requested or agreed to a delay, the Company’s failure to respond to a standard appeal within 30 days in writing. The Company may also agree to waive the exhaustion requirement for an external review request.

An Insured, an authorized representative, or the physician of the Insured, must file a written standard independent external review request within four months after the date the Company issues a final notice of denial. A request for an independent external review of a pre-service claim must be submitted in writing to the utilization review company that performed the Pre-certification, and a copy must be submitted to the Company, along with any material justification or documentation to support the Insured’s request for the service. A request for an independent external review of a post-service claim must be submitted in writing to the Company, along with any material justification or documentation to support the Insured’s request for the service.

Standard Independent External Review Request

Within five (5) business days of receiving the request, the Company shall: 1) mail a written acknowledgment to the Arizona Director of Insurance, the Insured, and the Insured’s treating provider; and 2) forward the request for review to the Director, along with a copy of Insured’s plan, a summary description of the applicable issues including a statement of the Company’s decision, all medical records and supporting documentation used to render the decision, the criteria used and the clinical reasons for the decision, the relevant portions of the utilization review plan, and the name and credentials of the licensed health care provider who reviewed the case.

Within five (5) business days of receiving the request if the case involves an issue of medical necessity or an issue of experimental/investigation service, the Director shall choose an independent review organization (“IRO”) and forward to the organization all of the

information related to the review. The independent review organization will make a decision and will notify the Director within twenty-one (21) days. This time period may be extended up to an additional thirty (30) days upon written request by the IRO, the Insured, or the Company, if good cause for the extension is demonstrated. The Director will mail a notice of the decision to the Company, the Insured, and the Insured's treating provider within five (5) business days of receiving the IRO's decision.

Within fifteen (15) business days of receiving the request for a case involving an issue of contract coverage, the Director shall determine if the service or claim is or is not covered and if the adverse benefit determination conforms to the Company's utilization review plan, and shall mail a notice of determination to the Company, the Insured, and the Insured's treating provider. If the Director is unable to determine issues of coverage, or if the Director finds that the case involves a medical issue, the case shall be submitted to an IRO for review.

Binding Nature of the External Review Decision: If the Insured's plan is subject to federal ERISA laws (generally, any plan offered through an employer to its employees), the external review decision by the IRO will be final and binding on the Company. The Insured may have additional review rights provided under federal ERISA laws.

- I. **CONFORMITY WITH LAW:** If any provision of this Plan is contrary to any law to which it is subject, such provision is hereby amended to conform thereto.
- J. **EXPERIENCE RATING REFUNDS:** This Plan shares in the surplus earnings of the Company. Surplus earnings is defined as the amount of earnings in excess of the earnings required to maintain minimum compulsory surplus required by law. Earnings is defined as the excess of earned revenue over incurred Benefits and expenses using statutory accounting methods that are prescribed or permitted by law.

In any Calendar Year in which there are surplus earnings as a result of favorable claims experience such earnings may be refunded to eligible participating Employers as an experience rating refund. The Board of Directors will determine in its discretion if it is appropriate and advisable to return the surplus earning to the Policyholders. The method and timing of the refund is determined by the Company's Board of Directors. To be eligible to participate in the refund, a participating Employer must be a Policyholder at the time the refund is made.

- K. **NON-ASSESSABLE PLAN:** This Plan is non-assessable. If for any reason the Company is unable to maintain the required reserves or pay justified claims for Benefits, Benefits may be reduced in accordance with an equitable plan approved by law.
- L. **ANNUAL MEETING:** The annual meeting of the Company shall be held on the first Friday in December of each year. The meeting will be held at the home office of the Company.
- M. **ENTIRE CONTRACT:** This Plan and all attachments hereto, including the applications of the Policyholder and Insured Employees constitute the entire contract between the parties. All statements made by the Policyholder and the Insured Employees and Dependent(s) shall, in the absence of fraud, be deemed representations and not warranties. No statement made by an Insured Employee or Dependent will affect the insurance or be used in defense to a

claim hereunder unless such statement is formalized in writing and a copy of such statement is furnished to such Employee or to his beneficiary.

- N. **AMENDMENT AND ALTERATION OF CONTRACT:** This Plan may be amended at any time, subject to the laws of the jurisdiction in which it is delivered. The Plan may be amended by written agreement between the Policyholder and the Company without the consent of the Insured Employees or their beneficiaries. This Plan may also be amended on the Plan's renewal date upon sixty (60) days written notice from the Company to the Policyholder. If an Insured is confined in a Hospital or in an Extended Care Facility on the effective date of the amendment, Benefits shall not be affected until the date of discharge. No change in the Plan shall be valid until it is approved by a duly authorized officer of the Company and unless such approval be endorsed hereon or attached hereto. No agent has the authority to change any Plan or to waive any provision thereof.
- O. **NOTICE AND PROOF OF CLAIM:** A written or an electronic claim must be submitted to the Company within three-hundred sixty-five (365) days of the Date Incurred for which Benefits arising out of each Injury or Illness may be claimed. Unless otherwise excused as provided below, failure to timely file such claim shall release the Company from any liability to pay such claim. The notice must have sufficient information to be able to identify the Insured Employee or the Insured Dependent. Notice that is given to any authorized agent of the Company shall be deemed to be notice to the Company. Failure to furnish notice within the time provided in the Plan shall not invalidate any claim if it is shown that it was not reasonably possible to furnish such notice and that such notice was furnished as soon as was reasonably possible.
- The Company, upon receipt of the notice required by the Plan, will furnish to the claimant such forms as are usually furnished by the Company for filing proof of loss. If such forms are not so furnished within fifteen (15) days after the Company receives such notice, the claimant shall be deemed to have complied with the requirements of the Plan of filing proof of loss.
- P. **EXAMINATION:** The Company shall have the right and opportunity to have the person of any individual whose Injury or Illness is the basis of a claim examined when and so often as it may reasonably require during pendency of the claim. The Company shall also have the right and opportunity to make an autopsy in the case of death where it is not forbidden by law. If a dispute arises concerning an independent medical evaluation, it shall be subject to the arbitration rules of this policy.
- Q. **PAYMENT OF CLAIM:** Benefits provided in the Plan will be paid promptly after receipt of due proof. All Benefits are payable to the Employee or his legal assignee. If any such Benefits remains unpaid at the death of the Employee, if the Employee is a minor, or if the Employee is, in the opinion of the Company, legally incapable of giving a valid receipt and discharge for any payment, the Company may, at its option, pay such Benefit to the Employee's legal heirs. Any payments made will constitute a complete discharge of the Company's obligations to the extent of such payment. The Company will not be required to see the application of the money so paid.
- R. **MEDICAL RECORDS:** The Company shall have the right to request and receive, without cost or expense, medical records relating to the care and the treatment of any Insured

who claims Benefits under this Plan, prior to paying Benefits under this Plan. The Insured does fully authorize, empower, and direct his Provider to furnish the Company with such complete reports and medical records when he requests any Benefits.

- S. **OVERPAYMENTS:** If for any reason the Company pays any amounts to, or on behalf of, the Insured for (i) services not covered under this Plan; (ii) services which exceed amounts to be paid as Benefits under this Plan; or (iii) services on behalf of a person believed to be a Dependent who is not covered under this Plan, the Company may, at its discretion, recover overpayments from one or more of the persons it has paid or for whom it has paid. The Company may also recover overpayments from future claim payments made to the same provider for services that are rendered to the same Insured.
- T. **LEGAL PROCEEDINGS:** No action of law or in equity shall be brought to recover on the Plan prior to the expiration of sixty (60) days after proof of loss has been filed in accordance with the requirements of the Plan. No such action shall be brought at all unless brought within three (3) years from the expiration of the time within which proof of loss is required by the Plan.
- U. **TIME LIMITATION:** If any time limitation of the Plan with respect to giving notice of claim, furnishing proof of loss, or bringing of an action at law or in equity, is less than that permitted by the law of the state in which the Policy is delivered, such limitation shall be extended to agree with the minimum period permitted by such law.
- V. **INTERPRETATION:** Whenever the context of this Plan requires, the singular shall include the plural, the plural shall include the singular, the whole shall include any part thereof, and any gender shall include both genders. Words that are capitalized throughout this document shall have the meaning prescribed to them in the Definitions section of this document.
- The Company shall have the sole discretion to construe and interpret the terms and provisions of the Plan and to determine eligibility for benefits. Nothing in the foregoing statement limits the rights of the Insured to protections under the federal law known as ERISA, including, but not limited to, rights of appeal and rights to bring suit in state or federal court.
- W. **PREFERRED PROVIDER ORGANIZATION (“PPO”):** Eligible services that are obtained from a Preferred Provider will be processed according to the Preferred Provider discounted rate and will be reimbursed at a higher percentage level. A directory of PPO Providers is available from the Company, free of charge. You may also obtain services from a non-Preferred Provider. Eligible services for a non-Preferred Provider will be processed according to the usual and customary rate and will be reimbursed at a lower percentage level.

- Y. **RIGHTS UNDER ERISA:** If the Insured has any questions about the Plan, he or she should contact the Company. If the Insured has any questions about this statement or his or
